

December 2017

Dear Parent/Carer

I am writing to you inform you of a new resource we have in Science called '**Logon Science**'. All students have now been registered and have their own logins set up.

The resource is a valuable tool for the students to test their knowledge and see progress. The resource includes exam questions both short and long, with opportunities for students to have more than one attempt. They get instant feedback on their results.

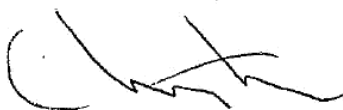

As a department all teachers will be setting '**Logon Science**' for homework on a weekly basis. The minimum standard of achievement will also be set by the classroom teacher; failure to complete or reach this standard will result in a sanction as per the Academy policy.

The students will be informed and will write in their planners the topic area they need to work on. Additionally, this information will be placed on Show My Homework.

We would appreciate it if you could encourage your son/daughter to engage in this fully with us as part of our drive to support all students in their studies and thus achieve their full potential.

If you have any concerns or questions please contact Ms. C Hunter by e-mailing c.hunter@mha.attrust.org.uk.

Yours sincerely

Ms. C Hunter
Head of Science

Principal: Mrs C Franceschi BA (HONS), NPQH
