

Dear Parents/Carers

Construction Work – Gilden Park, Gilden Way, Harlow, CM17 0NA

We have been advised Essex County Council, following a letter to them from C-MIST, that this construction work for the housing development is anticipated to commence 16th April 2018.

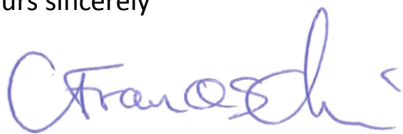

The work “will include excavations and other operations of a nature that whereby children playing on or around the site could be injured.”

Furthermore, they state:

“Due to the inherent dangers associated with construction sites, warning notices will be placed around the site and security fencing will fully enclose any dangerous activity. We do not allow children or anybody else at any time to come onto the site for play or any other purpose not connected with the company’s operations.”

I am writing to you as all nearby schools have been asked to cooperate in advising our local community so as to prevent the possibility of accidents to children arising out of their unauthorised presence on the site. Please can you discuss this matter with your child/children and ensure that they are aware of the dangers associated with construction sites and that they should not venture near or onto the site for any reason. As an academy, we will also be advising our pupils of the potential dangers through assemblies and Home Group Time.

Yours sincerely

Corinne Franceschi

Principal
